

Pugs are a short coated breed. Short coated dogs require extra oils for a healthy skin and coat. These products will protect your Pug's skin and coat and make it shine.

### *Iv San Bernard Product Recommendations*

Basic Bath	Spa Bath	Luxury Bath
Traditional Line	Fruit of the Groomer Line	Luxury Line
Lemon	Black Cherry	Black Passion

For best results, follow the Iv San Bernard bathing instructions sheet. Products should be diluted 1 part product to 3 parts water and allowed to sit on the dog for a full 5 mins before rinsing.

### *Looking to add a beautiful shine to your Pug's coat or help with facial staining from runny eyes? Try these additional products!*

**Clean Eye Cleaner** – Use this soothing eye cleaner to clean around the outer area of the eyes. This gentle formula will clean the area without irritating sensitive facial folds.

**Sil Plus** –When you're finished drying your Pug rub a drop of the Sil Plus through your hands and apply it to your dog's coat for some extra shine and to seal in all those nutrients from the bath. You can also apply a small amount of Sil Plus along the folds of the face after using the Clean Eye Cleaner to prevent staining from eye drainage and protect the facial folds.

**Black Passion Argan Oil** – A few drops go a long way in polishing your Pug's coat with this nourishing argan oil. It will hydrate the coat and nourish the skin. Pair with a good brushing with a boar bristle brush and you won't believe the shine!

**WHY CONDITION?** Conditioning is a crucial part of bathing for ALL dogs. Shampoo, no matter how gentle, is designed to strip the skin and coat of dirt and grime, as well as the natural oils that protect the skin and coat. This makes replacing that protection a necessity. The conditioners recommended here are designed specifically for your dog's coat type to give them everything their skin and coat needs without weighing the coat down or effecting its natural texture.
